Subbulakshmi, G. *see* Rajalakshmi, R. ... 104

PAGE

Subrahmanyam, D.: Further studies on ethanolamine containing phosphatides of *Mycobacteria* ... 34
Sugar: Metabolism of *Pasteurella pestis*: Part I — Metabolism of & incorporation into cells of some sugars & other carbon sources by growing cultures under shaken conditions 26
Sulphate, S^{35}: Effect of carrageenin on the incorporation of S^{35}-sulphate & C^{14}-glucose into cultivated connective tissue mucopolysaccharides ... 121
Sulphate metabolism: Studies on sulphate metabolism in *Euglena gracilis*: Part I — Uptake & activation of sulphate & degradation of active sulphate by *Euglena gracilis* 192

Tegmen: Biochemical changes in germinating seeds of *Sesbania grandiflora* Pers.: Part I — Changes in carbohydrates & role of tegmen 128
Tewari, C. P.: Further studies on the 2,4-dinitrophenylhydrazine method of Roe & Kuether for the estimation of ascorbic acid, dehydroascorbic acid & diketogulonic acid 171
Tewari, K. K.: Mechanism of action of the enzyme inhibitor from the spores of *Aspergillus niger* ... 171
Tissue growth: Uridine diphosphoacetylglucosamine pyrophosphatase activity during connective tissue growth 117
Tissues: Search for uridine diphosphate glucose-starch synthetase & phosphorylase activity in polyfructosan bearing tissues 133
Transaminases, Intestinal: Studies on intestinal transaminases with special reference to human intestinal glutamic-aspartic transaminase 1
Trigonella foenum-graecum Linn.: Effect of fenugreek (*Trigonella foenum-graecum* Linn.) supplementation on the biological value of rice & black gram (*Phaseolus mungo*) diet 104
Tryptic peptide pattern: Evaluation of multiple haemoglobins of ruminants by tryptic peptide pattern analysis 220
Tuberculosis: Isolation & quantitization of serum lipids in tuberculosis 159

Ubiquinone: Studies on ubiquinone saturated in the side chain 7
Uridine diphosphate: Search for uridine diphosphate glucose-starch synthetase & phosphorylase activity in polyfructosan bearing tissues 133
Uridine diphosphoacetylglucosamine pyrophosphatase activity during connective tissue growth ... 117

Vaccinia virus: Isolation & characterization of infective DNA from Vaccinia virus 83
Vaidyanathan, C. S. *see* Kurup, C. K. Ramakrishna 111, 184, 189
Vegetable oils: Effect of feeding vegetable oils on the utilization of carbohydrate by rhesus monkeys ... 210
